- // Universal EPA License
- // 410A Certificate
- // Propane & Natural Gas License
- // Signal & Riggers License
- // CPR & First Aid Certified
- // Mitsubishi City Multi Certificate

EXPERIENCE

Jeff began his career with W.H. Demmons in 1995, after completing a 2-year associates degree at Eastern Maine Community College. He started as a journeyman, and spent 17 years in the field before moving to his present role as construction manager.

In this role, he manages and coordinates all new construction, retrofit, and major repairs. His past field experience and knowledge has proven essential in this overseer position, and he works closely with project managers and tradesmen to complete projects on time and within budget.

He is responsible for providing quotes for small-scale projects, and works diligently to ensure all clients are provided the best customer service.
